## Chapter 3

*Big difference, no? We would have redone the first two chapters, but that would just delay the release of this manhua even further. And nobody wants that! Anyhow, huge thanks to Jem for coming out to help, and picking up this series AND The Strongest Virus. We seem to be growing steadily.*

*But yea, I've said it twice, I'll say it again. Proofreaders. We want 'em. That being said, this is the last chapter of our "finally got contributor" upload*
